INFLUENCES & HEROES

Greatest influence on career & why? It may be cliché saying my parents but honestly they are; they taught my sister and I not to quit anything we committed too and softball has had its ups and downs and many times I was willing to walk away but because of what my parents taught me growing up is the reason I am the softball player I am today.

Whose posters did you have on your walls when you were growing up? I honestly didn't have any on my walls. Just paintings.

Who is your hero? Mel Roche

If you had a choice to do anything in the world, what would you do? Honestly I don't know. To travel the world with no budgets, be able to give back to communities and live my life to the fullest with family beside me.

What are you famous for? My friends would say my personality and my family would say my salmon and some other things I enjoy cooking.
